- Independently switched white and LED red dome lamp
- Engine block heater
- Sunscreen privacy glass
- Supplemental side-curtain air bags,⁽³⁾ front and rear passenger
- 18-inch bolt-on wheel covers
- Emergency rear door lock override

⁽¹⁾ No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Please always wear your seat belt.

⁽²⁾ Not available with key alike.

⁽³⁾ Always use seat belts. Remember, a backseat is the safest place for children 12 and under.

⁽⁴⁾ May not be compatible with some aftermarket equipment.
