

Introducing PAR-46 Replacement

SUPER-LED® SPOTLIGHT

WHELEN®

Designed especially for the Unity® Spotlight, PAR-46 Super-LED lights are a drop-in replacement for outdated halogen lamps. Lightweight, low-current and water resistant, they provide stable light output for thousands of operating hours. PAR-46 Super-LED Spotlights are rated to last 50,000 hours and provide remarkably bright light.

12 VDC Super-LED spotlight draws only 2.3 amps and provides more lumens per watt than traditional sources:

Whelen Super-LED PAR-46:

2000 Lumens

30 Watts

Traditional Halogen Lamp:

1000 Lumens

50 Watts

Reverse polarity protected. Replaceable hard coated polycarbonate lens provides increased durability and longevity.

Heavy-duty black powder coated die-cast aluminum heatsink. Industry standard brass slotted head connection point. Unit weighs only 1 lb.

SAE J1113-42 Class 5 EMI certified. Emits zero EMI. Patent pending: Internal thermal regulator maximizes the lifespan of the LED diodes. Internal circuitry and unique optics provide an extremely intense and smooth 2° circular spotlight. Ventilation system eliminates the infiltration of moisture by providing a constant internal atmosphere. Five year HDP® Heavy-Duty Professional warranty.

P46SLC shown mounted
in Unity spotlight assembly.
