

We understand that there are many things to consider when choosing your next fleet of police cars.

INTERCEPTOR? WHICH NEW LIGHTING TECHNOLOGY SHOULD WE CHOOSE? HOW MANY LIGHTS CAN WE RUN THE CAR WITHOUT DRAINING THE AMP LOAD? **CHARGER?** IS THERE ANY SIREN, HORN, ROOF OR LIGHTBAR WIRING THAT COMES STANDARD? **DODGE?** WHAT IS THE AMP LOAD OF THE ALTERNATOR? **CAPRICE?** DO WE STAY WITH OUR CURRENT VEHICLE MANUFACTURER OR DO WE SWITCH? WHICH POLICE PACKAGE OFFERING BEST MATCHES ALL OF OUR DEPARTMENTAL NEEDS? **CHEVROLET?** **FORD?** HOW WELL DID THE VEHICLE DO IN CRASH TESTS? HOW WELL DID THE VEHICLE DO IN PURSUIT TESTS? **CROWN VICTORIA?** WHAT SIZE ENGINE DO WE NEED? HOW IS THE IGNITION SYSTEM CONTROLLED?

ONE THING IS CERTAIN, this partition will fit them all.

CAUTION!

Pro-gard now offers a Universal, Police Package, Car Partition that can be moved from one vehicle to another with the use of a transfer kit. Pro-gard has been working closely with Chevrolet, Dodge, and Ford over the past year to ensure that we have the most current information about the interiors of their upcoming model changes. By 2012, all three manufacturer's police package cars will feature side curtain airbags. This will significantly change the way that partitions can be mounted in vehicles.

The Universal, Police Package, Car Partition has already proven itself in current model Chevrolet Impalas and Dodge Chargers. Our state of the art, patent pending, mounting system was designed to be a secure and sturdy mount that works seamlessly with side curtain airbags. The addition of our laboratory tested, flexible wings provides a sturdy barrier between compartments yet will give against the extreme force of the side curtain airbag deployment.

Fleets already using the Universal, Police Package, Car Partition will be able to move it from one police package vehicle to another with the purchase of a transfer kit.

Not quite ready to invest in new partitions for your fleet of Crown Victorias? We can help you with that too.

If you need partitions for your current Ford Crown Victorias and know that you will be purchasing the new Ford Interceptors in 2012, you will be able to retrofit your existing 2600 Series, Crown Victoria partitions to fit your new Interceptors.

With the purchase of a transfer kit, Pro-gard will provide you with installation instructions for modifying your current 2600 Series, Crown Victoria partition into the 2012 Ford Interceptor.
